

Staley Technologies Press Release
Alan Turner New Vice President of Marketing

Staley Technologies Appoints New Vice President of Marketing

LITTLE ROCK, AR (July 2, 2020) – Staley Technologies is pleased to announce Alan Turner has joined their Executive Team as Vice President of Marketing. Staley Technologies is a leading commercial technology solutions provider supporting some of the country's largest retail and restaurant brands.

Turner is an accomplished marketing professional with over 20 years of experience in various roles. Previously, Turner served as Senior Director of Strategic Partnerships with St. Jude Children's Research Hospital in Memphis, TN. There, he led a team of development specialists to raise funds through corporate relationships. Prior to joining St. Jude Children's Research Hospital, Turner worked with Stone Ward (Little Rock), Alltel Wireless (Little Rock and Charlotte), and The Marketing Arm (Dallas). Through his agency and consulting work, Turner has supported iconic brands and assisted them with return-on-investment analytics and marketing strategy development.

"Turner is a valuable addition to our company as we focus on growth and our continued promise to deliver superior service and support. He has spent his career in various marketing and consulting environments, roles that have given him the all-around knowledge needed to lead Staley into the next phase. He brings to the table decades of expertise in building successful marketing plans to drive growth and cultivate outstanding client relationships. We are very excited to welcome him to Staley." said Andrew Faulkner, owner and founder.

About Staley Technologies

Operationally headquartered in Little Rock, Staley Technologies is a quickly expanding solutions provider with 8 locations nationwide that provide inventive solutions for the retail, hospitality, healthcare, and manufacturing industries.
